

Khandel light works to improve the lives of the vulnerable and disadvantaged families in Khandel and the villages surrounding it, located in the desert state of Rajasthan, India.

Working in close partnership with the local NGO, Nirman Sanstha Khandel, the Charity encourages local people to help themselves, focusing on long-term development projects including access to clean water and sanitation, better healthcare, education and housing. It also aims to raise the status of women. In this way, Khandel light aims to make a real and lasting difference not only to families today, but also to those of tomorrow.

—Thank you.

age school boys

15th December

Dear Maurice,

Thank you so very much to you and the cycling club for the amazing cheque to Khandel light as sponsorship for Simon in the London Marathon.

The lunch was so good and lovely to meet you all. What a brilliant idea to charge people to have fun — a win-win situation & Khandel light has benefited from your generosity — thank you so much.

With many thanks to you all.

Best wishes

Bud PA
